

WATERBEACH SURGERY

2017/18

PUBLICATION OF EARNINGS

---

All GP practices are required to declare the mean earnings (eg average) for GPs working to deliver NHS services to patients at each practice.

The average pay for GPs working at the WATERBEACH SURGERY in the last financial year before tax and national insurance is 37,826

This is for 4 part time GPs and 2 locum GPs who worked in the practice for more than 6 months.

It should be noted that the prescribed method for calculating earnings is potentially misleading because it takes no account of how much time doctors spend working in the practice, and should not be used to form any judgement about GP earnings, nor to make any comparison with any other practice.
